Recommendation Letter

Mr. Tashi Dendup, the NIF under this school has been serving this school for almost one year. During his service, he brought some of the following significant developments in the Centre and parent School:

1) Attendance and Punctuality: He has been always observed to be punctual in any of the school activities conducted so far. His presence right from the commencement and till the completion of the program is highly appreciated by the school authority and his mate as well.

2) Initiative: Despite having his own designated responsibilities as a non- Formal Instructor, he voluntarily agreed to render his support to this school in day time and has taken teaching responsibilities with much enthusiasm. He displayed great talents in managing his classroom, teaching concepts to all learning styles and instilled a genuine love of learning in his students. The reading and writing skills in Dzongkha and English were immensely developed on accounts of his support. Nevertheless, he also took Arts and Physical Education effectively with a positive attitude.

3) Working Attitude: He serves the center and school with his best capacities. As a NFE Instructor, all the school activities pertaining to his job responsibility are carried out effectively. As of now, the office has no record of his conflicts with any one of the family in the school. He cooperates and helps all the colleagues as and when required. He fruitfully and completely does his job with full dedication and utmost sincerity. Admitting mistakes and looking the way forward to bring improvement was another good quality he possess. He counts the blessings more than the troubles which results to breed the positive and healthy relationship within the school family.

Therefore, the undersigned would like to strongly recommend him and WISH him the very BEST of LUCK in any organizations he joins.
