Dean of Student Affairs,  
Paro College of Education,  
Royal University of Bhutan.  
Paro: Bhutan

**Subject:** Request to Host a Career Orientation on BCSE Main Exam Preparation, 2026.

Dear Sir,

The management of YANGMA Institute for Professional Skills (YIPS) is writing to request a platform at your esteemed institution to conduct a brief career awareness talk for this year's graduating B.Ed students. Our session will focus specifically on preparing for the upcoming Bhutan Civil Services Examination (BCSE) Main Exams 2026.

In compliance with the Training Provider Rules and Regulations (2014), our mandate includes providing consultative services and expanding access to high-quality coaching that enhances graduate employability. We find that any Wednesdays generally work best as all students can be gathered as advised by your office verbally in phone. We would prefer to discuss via phone or email for convenient fixation of date and day.

For your reference, YANGMA Institute is a Grade C training institute, registered and approved by the Bhutan Qualifications and Professional Authority (BQPCA) under the Ministry of Education and Skills Development. YIPS has built a phenomenal track record, coaching over 8,700 B.Ed graduates build their career dream. In 2025 alone, we produced two National Toppers and 59 graduates got selected in 80 RCSC-announced slots, adding to the 39 B.Ed category toppers we have produced since our inception.

We are deeply grateful for your time and prompt support. We look forward to working together to guide and empower the future teacher graduates of Paro College of Education as they strive to clear the BCSE Main Exams 2026 and achieve their dreams of becoming regular educators.

Yours sincerely,
